Flash! - He's a Champion!

By Puli Polly
Current-Argus Staff Writer

DALLAS - Celebra Tia Top of the News (aka FLASH!) earned his championship recently at a series of shows near his home in Texas. Flash is one of eight beautiful pups

produced in 2002 as a result of the collaboration between Celebra Briards of Carlsbad, New Mexico and Tia Briards of Scurry, Texas. Flash's dam is Ch Celebra's Red Hot Chili Pepper (Chili) and his sire is Can Ch One Man Show Lucca de Guerande (Lucca).

Adeptly shown by handler

Teri Galle, Flash was a group placing boy even before he earned his championship. He was awarded a Group 4 last November.

"Flash got his name because he was the flashiest boy in the litter," says breeder Julie Reconnu of Tia Briards. Breeder Christi Leigh of

Celebra Briards chimes in, "He has a beautiful outline, a beautiful head, and a lot of strength in the rear - plus every time he goes into the ring he just shows with a lot of FLASH!"

Breeders of This Litter are Ticked Green!

SCURRY - "Well we don't want to be tickled pink since Flash is a boy!", says Julie Reconnu of Tia Briards. "But we are awfully proud of this boy, and we are very proud of his parents." Human parents Julie means, Wayne and Lilian McHenry. "Wayne and Lily just adore Flash and have done everything right by him," says Julie.

Lily informs us that now that Flash is a champion she wants to start him in obedience and agility. In the meantime, Flash's other job is providing exercise for his housemate, Jazz. Jazz is also one of Lily and Wayne's beloved Briards.

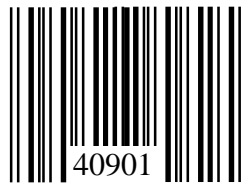

New Champion - Ch Celebra Tia Top of the News

Flash is a Frequent Greeter at the U.S. Post Office

By Spinoni Rigali
Current-Argus Staff Writer

GREENVILLE - "One of the best things about Flash is his incredibly outgoing temperment," says Christi Leigh of Celebra Briards. "He goes with Lily to the Post Office where she works and acts as the official greeter." "Yes it is true," says Lily, Flash's human Mom, "I take Flash with me regularly to the postoffice. In fact he goes with me just about everywhere." Isn't that the way it should be?
